

Clickers are checked out to an individual for the entire quarter, and each student will receive an automated email reminder when their clicker is due. The Equipment Loan Agreement Online https://west.wvu.edu/admcs/process/forms/Library/Equipment_Checkout_Agreement.aspx should be signed prior to arriving for checkout, and serves as the liability agreement for all equipment checkout throughout the student's career at WWU. Replacement cost, should a clicker be lost or damaged is \$35.
